PROJECTS

IPL CRICKET SIMULATION GAME

DURATION : 2 DAYS , TEAM SIZE : 1

- Developed a Python-based text simulation game that emulates the excitement of an IPL cricket match. The program allows users to choose their team and compete against a randomly selected opponent, complete with a toss decision, batting and bowling sequences, and dynamic score updates. Designed and implemented game logic, including scoring, wickets, and overs.

KBC QUIZ GAME

DURATION : 2 DAYS , TEAM SIZE : 1

- Developed an interactive Python-based quiz game inspired by the popular TV show "Kaun Banega Crorepati (KBC)." The game presents a series of multiple-choice questions to the user, with prizes awarded for each correct answer.
